CHAMPION WALKERS HERE

THREE NEW YORKERS ON A LONG HIKE SPEND NIGHT AT ADA.

WILL MAKE EVERY STATE

Have Been on the Road Almost a Year and Have Walked Over 5000 Miles.

Last night the Harris hotel entertained three long distance walkers who are making a tour of the United States in a leisurely manner. These were Terry Churchill Elmendorf, Roy Forbush Hanaford and "Miss Hike," a small dog. As Mr. Elmendorf expressed it it is a case of "two boys with long names on a long walk and a small dog with a large noise." Mr. Elmendorf is a cousin of Dwight Elmendorf, the noted lecturer, and Mr. Hanaford is a son of H. P. Hanaford, the well known publisher of theatrical journals in New York City.

The trio left New York City May 23 of last year, and since then they have traversed the following states: New York, New Jersey, Pennsylvania, Delaware, Maryland, District of Columbia, Virginia, West Virginia, Kentucky, Tennessee, North Carolina, South Carolina, Georgia, Florida, Alabama, Mississippi, Louisiana, Arkansas, Texas and Oklahoma, covering a distance of 5,044 miles. They expect to spend three years on the trip making a total of 20,000 miles.

Mr. Elmendorf explained that they were not walking for any wage, but just to study the people and conditions. They will also write a book about their travels when they reach home again.

Among other things they have made note of is the mineral resources of the various sections through which they have passed. They say that they have found many kinds of minerals since coming to Oklahoma, and showed the reporter some specimens of copper they found yesterday between Stonewall and Ada. These specimens looked rich and it may be that a deposit exists in this section that will give us a new industry.

They have no special love for the city of Sherman, Tex., the sheriff and some deputies arresting them on suspicion of being guilty of burglarizing a jewelry store. They were released, however, after a rigid examination and went their way.

They left this morning expecting to make Konawa today. They will make their way northwest through Oklahoma and into Kansas.

BANK PRESIDENT GETS

\$5,000 AND FIVE YEARS

Wichita, Kan., March 20.—The sealed verdict returned Saturday night by the jury in the case against L. S. Nafziger, the former Wichita bank president accused of buying and selling stolen postage stamps, was opened by the court yesterday. The jury found the defendant guilty and he may be punished by a maximum sentence of five years in prison and a fine of \$5,000.

The stamps alleged to have been stolen were purchased by Nafziger from Frank S. Burt, formerly chief of police here, whom it developed purchased them from John Callahan of Wichita, who is now serving a sentence for robbing the Milan, Kan., postoffice.

Callahan is said to have obtained the stamps from Roy Templeton and Edward Earl, who are under sentence for robbing the postoffices at Hope and Burdick, Kan. The former banker's defense was that he did not know the stamps were stolen.

DOOLIN APPOINTS DEPUTY WARDENS

Oklahoma City, March 21.—The first announcement of appointments to the office of deputy game warden, under the regime of the new state game warden, John B. Doolin, was made Monday, when the names of seven appointees were given out. The men chosen out of the thousand applicants are as follows: Ed J. Seaman, McAlester; Dr. Ligon, Ada; Julius Ward, Hugo; J. E. Patterson, Alva; W. C. Edwards, Chickasha; George Weyill, Claremore. Dave Dreunan, Thomas.

Five more appointments are to be made under the law providing for twelve deputy game wardens, passed by the legislature just adjourned. The announcements of the additional five are expected to be given out within a week.

The most notable fact about appointment of the deputies is the large number of applications filed with the state game warden. The list totals at least one thousand. The salary of the deputy game wardens is \$800 a year. He is allowed \$600 for expenses. Besides this, the deputies are allowed 25 cents on every hunting license they issue, which makes the office total an income of about \$2,500. The county clerk also issues licenses to hunt.

Upon entering office after his appointment by Governor Cruce to fill the vacancy created when former State Game Warden Lon M. Frame became chairman of the board of affairs, Mr. Doolin declared that he would insist upon a rigid enforcement of the regular hundred assistants will ment of the state game laws. Besides the regular twelve deputy game wardens several hundred assistants will be appointed, who will receive as remuneration for their services half of every fine collected, as a result of complaints for violation of the state game laws filed by them.

Under the amendment of the game laws the state will be redistricted into twelve districts and each of the deputy game wardens will be assigned to a district. The redistricting has not been accomplished yet hence the men whose appointments were announced Monday have not yet been assigned their districts. The new districts will contain six or seven counties each.

The office of the state game warden will be moved Tuesday from room 716 in the insurance building in North Broadway to the Levy building in West Main street, which is already occupied by several state offices, including the corporation commission. Four rooms in the Levy building will be occupied by the state game department.

J. B. CHAPMAN AND CHIEF HOUNSHELL HAVE MIXUP

A scrap between Bars Chapman and Chief Hounshell enlivened things on Main street late yesterday afternoon. The trouble grew out of a tale Chapman is said to have told about the chief, and the latter claims that Chapman called him a dirty liar and struck at him. The chief then mixed it with him and struck him a blow with his club. He then took his man to the city jail where he remained a short time until Judge Powers could be summoned. The judge permitted him to make bond and go free until tomorrow, when the case is set for trial.

Naturally on the eve of an election the trouble caused some excitement, especially among the friends of Chapman. Groups remained on the streets until late at night, but no disorder was reported. Of course Hounshell's enemies attempted to make capital of the occurrence, but this attempt fell rather flat.

DR. LIGON APPOINTED DEPUTY GAME WARDEN

One of the first acts of John Doolin, the new state game warden, was to appoint Dr. M. W. Ligon deputy for this district. The office pays \$1,400 per year and some fees.

The doctor made a hard fight for the state warden's place, but failing in that, it is gratifying to know that he was given something almost as good. The doctor has always been one of the most enthusiastic democrats and Cruce men in this county.

COUNCIL APPROVES WATERWORKS PLANS

The council did little last evening except to approve the plans of Goodwin & Harper for the Byrd's Mill extension. These had been filed some time ago, as the records show, but had not come to a vote.

It is the intention of the council to call for bids on the construction work at once, said bids to be opened April 10.

ARKANSAS TO VOTE ON GRANDFATHER CLAUSE

Little Rock, Ark., March 20.—Gov. Donaghey today signed the resolution recently passed by the legislature which amends the constitution of the state by inserting the "grandfather" clause into the qualifications of voters. The amendment will be submitted to a vote of the people at the general election in September, 1912.

ELECTION ORDERED FOR APRIL 25

Oklahoma City, March 21.—Following out the attorney-general's ruling that no proclamation by the governor was needed, Secretary Cordon of the state election board today called an election for the adoption or rejection of the proposed amendment to article 9, section 9 of the state constitution to be held April 25. The secretary designated the question as state question No. 3, and filed the ballot title and certified copy of the resolution adopted by the legislature.

In the meantime the governor had the matter under consideration and it was the consensus of opinion about the state house that there was a bare possibility of a special session of the legislature being called for the purpose of repealing the resolution and the adoption of one meeting the objections set forth by the attorney-general.

No Opinions Hazarded.

There was no announcement as to what would be the governor's final decision on the matter, and no official would hazard an opinion on the probability of the governor again calling the legislature together. It was known that he had the communication of the attorney-general under consideration and that he had made

careful comparisons of the proposed article and the present law.

The attorney-general in submitting the title of the ballot transmitting a severe criticism of the proposed amendment, stating that the measure appeared to him to be extremely dangerous in that it let down the bars to the Standard Oil to eventually control the oil and gas fields of the state. The resolution authorizes transportation companies and transmission companies to dispose of and consolidate property and franchises to like companies and confers the power of eminent domain on the companies irrespective of the place of their charter.

CAPITOL HEARING SET FOR APRIL 3

Washington, March 20.—The supreme court today set Monday, April 3, for hearing arguments in the Oklahoma capital case.

This action was taken following the presentation of a brief of attorneys for Guthrie last Monday when they asked for an early hearing, contending that unless a hearing could be had right away the case would otherwise not be reached before 1913, at which time Guthrie's claims under the enabling act become void.

Miss Nora Adair returned this morning from a trip to Holdenville.

ANGRY NEW YORKER LICKS BOOKER WASHINGTON

New York, March 21.—Booker T. Washington's left ear was nearly torn off and sixteen stitches were taken to close wounds in his head here Sunday night following an attack upon him by Arthur Ulrich, a white man, after Washington is alleged to have made improper advances on Ulrich's wife. Ulrich maintains that Washington in passing his wife in the hallway of their apartment house, called to her, saying, "Hello, sweetheart," and followed her to the street.

Mrs. Ulrich immediately went to her husband and related what had occurred, but did not know the identity of the negro. Ulrich immediately gave chase and followed Washington for more than three blocks before a policeman put in his appearance, both of them running.

Taken to Hospital.

Washington was sent to the Flower hospital, where sixteen stitches were taken in his scalp and his ear attended to. Ulrich was immediately arrested and placed under a \$1,500 bond, Washington charging felonious assault. The negro asserted that his mission in the neighborhood was perfectly legitimate and that he had been the innocent victim of an atrocious assault.

Washington was unable to appear in court Monday because of his injuries, according to the statement of his attorney. The case was continued until Tuesday.

Killed in Runaway.

Muldrow, Okla., March 21.—Robert Harvell, aged 19, son of Mr. and Mrs. Thomas Harvell of Remy, was killed near there late Saturday in a runaway. Harvell was driving a team of mules to a heavy wagon loaded with railroad ties. In the runaway he was thrown to the ground. Regaining his feet, he jumped on the wagon again. He was struck with terrific force by a tie that became caught in the wheels. He was knocked senseless and hurled under the wagon. His skull, back and neck were broken.

At the meeting of the W. O. W. last evening Rev. Marshall Dupree was elected consul commander to succeed D. L. Middleton, who recently moved to Konawa. The members of the camp are congratulating themselves on securing so efficient a man for this place and are expecting a rapid growth of interest and members in consequence.

A FAITHFUL SERVANT.

Under the above caption the Wewo-
ka Democrat publishes the following
well deserved eulogy on the work of
J. S. Barham of Wewoka, floratorial
representative of Pontotoc and Semi-
nole counties in the last legislature.
The News cordially endorses this
tribute to our representative. Says
the Democrat:

Hon. J. S. Barham returned home
Sunday night from Oklahoma City,
where he has been since the first of
the year in attendance at the third
legislature as floratorial representa-
tive from Seminole and Pontotoc
counties. Mr. Barham was one of the
most influential members of the low-
er house, his efforts were directed to-
ward the passage of beneficial laws
for the entire state and his constitu-
ents in particular. He possesses the
happy faculty of making friends
among all classes and maintaining
at the same time the highest respect
of his colleagues, for not until a
man has had the actual experience
in the legislature can he appreciate
the position one is often placed in
when demands are being heaped up-
on him by friends. A man who hon-
estly tries to represent all the peo-
ple or, to say the least, champions
that which will do the most good to
the greatest number and fulfills ev-
ery committee appointment assigned
to with him, with no attempt to shirk
an honest duty, most assuredly has
his hands full in the legislature,
with but little time for social inter-
course. For seven weeks the writer
was a close observer at the session
just closed, and like the two pre-
vious ones since statehood, the bur-
den of the work fell upon the should-
ers of a few willing men who took a
pride in rendering honest service,
and Barham was one of the most
conspicuous of these. Commanding,
as he did, the confidence of the speak-
er and of the floor leaders, he was
assigned to many of the most respon-
sible committees, and though at times
it required the loss of sleep and other
sacrifices in order to perform the
duties required of him, he was true
to his post.

Mr. Barham has made good, and
deserves the high esteem of the peo-
ple of this floratorial district, which
was almost universally accorded him
even by his enemies, the republicans.

It is not often that a city has two
elections in one week, but Ada is
having that experience. Friday the
city will vote on the Byrd's Mill
water bonds again, and although it
is not likely that anything like a
full vote will be polled, there is no
doubt of its carrying. The whole
thing is simply a matter of form, to
guard against any complications
that might arise in the future.

And still the Mexicans insist on
shooting each other up occasionally.
The revolution seems to be assuming
serious proportions and trouble is
awaiting Diaz at the end of his long
and successful career. It is with
some regret that we see his career
end thus. He is the only man who
ever had strength to rule Mexico. He
raised the republic from savagery
to a plane of civilization and won
the respect of all other nations. Few
men have accomplished as much in
course of a lifetime as he, and even
though from an American standpoint
his methods may sometimes seem
harsh, the fact remains that he
stands as one of the most heroic fig-
ures in the history of the Western
Hemisphere.

"Just a Woman's Way."
"Just a Woman's Way" which is
billed at the opera house for next
Thursday evening, March 23, is a
comedy drama of the better sort the
production is under the personal di-
rection of Mr. Oliver Labade, who
will be remembered by the theater
going people of this city for his ex-
cellent work as "Mephisto" in Faust
which was played in the old Airdome
in seasons past. Mr. Labade is the
same sterling actor as of yore and
the fact that he is a member of "Just
a Woman's Way" is a sufficient
guarantee that the production next
Thursday evening will be worthy of
your patronage.

Base Ball Table Manners.

Prof. Little says base ball table
manners is the latest kink in educa-
tion and naturally it comes from Ok-
lahoma where a course has been es-
tablished at the normal college for
the base ball boys. Prof. said in tak-
ing the boys to other cities, he want-
ed to show the people the kind of
youngsters raised in Ada. Ada is
bound to lead in table manners. The
course includes instructions how to
use the knife without inflicting fatal
injuries upon the mouth, how to
pour tea or coffee into your saucer
to cool, and just at what angle and
how strong to blow at it. This is an
art that is mastered only by ex-
perts.

Prof. Little says medals also are
to be awarded to noiseless soup eat-
ers, and the eating of tame pie from
the hand is gently discouraged.

According to the Oklahoma code
of table manners the napkins are not
tucked carelessly into the shirt col-
lar but are tied with baby blue rib-
bons behind the ears, making a
strikingly cute effect. This tying is
insisted upon during soup practice.
Advanced classes tackle "buttermilk"
only.

In the post-graduate course the art
of eating spaghetti is taught the am-
bitious student of modish manners
and prizes are awarded for the most
graceful spearer of this fascinating
but elusive Italian dish.

Prof. Little says special lectures
are to be given upon such subjects
as, "How to Gnaw a Chicken Bone
Without Using Your Hands," "How
and When the Knife Should Be Ma-
nipulated in Eating Pie," "How to
Manage an Ear of Corn When You
Hame Mislead Your False Teeth."
Ada is sure booming to the front
some.

Tishomingo will be here to meet
the normal boys the 24th. Grand
stand about completed. This will be
our opening game this season. Every-
body come. Will be the best game of
the season.

Author and Playwright Addresses Students.

Thomas Dixon, Jr., the noted au-
thor and dramatist whose virile books
dealing with the negro problem in
the South have been read the world
over, addressed the students of the
state university in chapel last Thurs-
day. The author of "The Clansman,"
"The Leopard's Spots" and other nov-
els and plays of the same fiery but
dramatic and compelling diction, talk-
ed to the Oklahoma undergraduates
on "The Drama as a Creative Work."
He said that the playwright's was
the best paid, most independent and
broadest in possibilities of all the
professions. Declaring that the joy
which comes to a successful play-
wright is greater by far than that
which comes to the writer of the
popular novel. Mr. Dixon told his
hearers that the dramatist could
make himself a mighty power in the
battle for the moral uplift and, as no
other man could become the champ-
ion of truth and the friend of the
oppressed.

The case against the city in the Byrd's Mill bonds will come to trial Friday and it is possible that a jury will be empaneled to try it.

ELECTION DAY DRIPPINGS

The mind of the city today is directed toward the events of the city election and is interested in the results which shall ensue.

The political mind of Ada has been schooled with such experiences in the past, some of which have been attended with near tragedies, some where the tension had been so pronounced that the most courageous hearts and deliberate minds have viewed the prospects of a single election day with such apprehension; that it would require something a little swifter than the contests of today to churn the blood of the old timers, those who use to feel in their youthful political mind that the weight of the city government rested on their individual shoulders and the results of future political events on their particular achievements in city politics.

The two candidates for mayor are not pestering the voters much, and apparently ready to express satisfaction at what ever the result.

It used to be that candidates with their friends thought it essential political expediency to sit up half the night and organize.

But last night except for the little fracas of the chief and one of his opponents' lieutenants, the streets were reported quiet and by eleven o'clock there wasn't much doing other than at the billiard parlors and at the city hall where a dance was in progress and where some of the candidates were tripping the light fantastic toe without semblance of interest in the election.

The principle interest is in the contest for chief of police. Either candidate doesn't appear to have much of a personal organization. It looks as if the voters understand the issue and are voting without much assistance.

Of course there's the usual bunch of local politicians legging and relating confidentially to their friends the number of men they have voted, and thence the usual run of cheap political schemes being sprung, but it is safe to assert that when the vote is counted tonight that whatever the result, it will be effected by the deliberate action of the citizens.

At 3:15 o'clock there had been polled 163 votes in the first ward, 93 in the second ward, 140 in the 3rd ward and 150 in the 4th ward.

YOUNG WILSON RETURNS FROM INSANE ASYLUM

Marshall Wilson, step son of W. T. Admire, who has been confined in the insane asylum at Norman for two months has been released at the instance of his mother, who visited the asylum in the interest of her boy.

Marshall was on the streets today and related the story of his trouble to several of his acquaintances.

It appears that he left home last November year, and traveled to Elk City, where he made acquaintances and formed new associates.

His trouble began when he undertook to cash a check for another party for \$110.00. Suspicious that the check was irregular, the cashier called an officer and young Wilson was placed in jail. Some time later a lunacy commission caused him to be sent to the asylum. Young Wilson declares that he had done no wrong and that he never was crazy and that the asylum physicians so declared from the first, but said he: "I know this if I make a suspicious move or do wrong in any way they will take me back, for I am out on a 60 day probation and it depends on me whether I shall have to return and it is my determination to refuse to associate with bad company and to do exactly right."

On April 1st I will sell the C. C. Perry property on West 15th street to the highest bidder for cash in hand.

COUNTY FUNDS ARE EXHAUSTED

It appears that Pontotoc county will have to run on a credit basis for several months. All funds are exhausted except the salary fund, and that will be depleted at the next meeting of the county commissioners. The law forbids the issuance of warrants after eighty per cent of the tax levy for the current year has been exhausted, and this means that no more warrants will be issued until August, when the next levy shall have been made.

LIVELY SCRAP NEAR JACATECAS, MEXICO

Cacatecas, Mex., March 20.—A band of 150 rebels, under leadership of Louis Moya, after a twenty-six hour battle with twenty-six soldiers and volunteers from among the citizens, captured the town of Tlatlengo in the southern part of Zacatecas, last Friday, according to news reaching here today. The defenders took positions upon heights overlooking the town and made a heroic resistance, but were finally forced to agree to terms of surrender.

Nine rebels, including the chief, were reported killed and eight wounded. Federal losses were not given.

The rebels sacked the town and compelled the manager of the local bank to surrender \$5,000 which he had secreted.

Yesterday, upon receiving word that a federal force was coming to the relief of the town, the rebels fled. Two hours after their departure Major Aguilar arrived with troops. The rebels cut the telegraph wires early in the battle.

Hobart Industrial Company Organize

Hobart, Ok., March 20.—The Hobart Industrial company has perfected a temporary organization at the Chamber of Commerce rooms by the election of the following officers: President, A. B. Harding; vice president, R. L. Waggoner; secretary, E. E. Lucas; treasurer, J. Ramsey Davis. In addition to the officers who form a part of the directorate the other directors are H. L. Standeven, Sam Bretch, J. L. Burke, Ed Ray, J. R. Tolbert, A. B. Wey and A. E. Fretche. The Hobart Industrial company is an auxiliary to the Chamber of Commerce, and the two bodies will work in conjunction.

"Just a Woman's Way."

"Interwoven in the story of the successful melodrama "Just a Woman's Way," is a strong love and comedy interest in which relieves the play from too great tenseness and results in a very acceptable production. "Just a Woman's Way" will have its first production in this city at the opera house on Thursday, March 23rd.

Final Round in County Seat Fight.

Shawnee, Okla., Mar. 21.—The final hearing in the Tecumseh Shawnee county seat contest is on in the superior court room today and judging from the array of witnesses, some 50 or more to be examined, the hearing may last all the week.

Referee H. B. Martin expects to be able to report his findings in the case to the supreme court by April first, if the time consumed in hearing testimony of witnesses, is not too great.

Tecumseh made her case several months ago and Shawnee is now being heard in rebuttal.

Attorney B. B. Blakeney of Blakeney, Maxey and Co., is conducting the examination of witnesses.

The case has been a long time in the court and under the examinations before the chosen referee.

The county seat election occurred on the 10th of February, 1909, and on the face of the returns Shawnee won, but the election was contested on various grounds by Tecumseh.

ELECTION ORDERED

FOR APRIL 25

Oklahoma City, March 21.—Following out the attorney-general's ruling that no proclamation by the governor was needed, Secretary Cordon of the state election board today called an election for the adoption or rejection of the proposed amendment to article 9, section 9 of the state constitution to be held April 25. The secretary designated the question as state question No. 3, and filed the ballot title and certified copy of the resolution adopted by the legislature.

In the meantime the governor had the matter under consideration and it was the consensus of opinion about the state house that there was a bare possibility of a special session of the legislature being called for the purpose of repealing the resolution and the adoption of one meeting the objections set forth by the attorney-general.

No Opinions Hazarded.

There was no announcement as to what would be the governor's final decision on the matter, and no official would hazard an opinion on the probability of the governor again calling the legislature together. It was known that he had the communication of the attorney-general under consideration and that he had made

careful comparisons of the proposed article and the present law.

The attorney-general in submitting the title of the ballot transmitting a severe criticism of the proposed amendment, stating that the measure appeared to him to be extremely dangerous in that it let down the bars to the Standard Oil to eventually control the oil and gas fields of the state. The resolution authorizes transportation companies and transmission companies to dispose of and consolidate property and franchises to like companies and confers the power of eminent domain on the companies irrespective of the place of their character.

CAPITOL HEARING SET

FOR APRIL 3

Washington, March 20.—The supreme court today set Monday, April 3, for hearing arguments in the Oklahoma capital case.

This action was taken following the presentation of a brief of attorneys for Guthrie last Monday when they asked for an early hearing, contending that unless a hearing could be had right away the case would otherwise not be reached before 1913, at which time Guthrie's claims under the enabling act become void.

Miss Nora Adair returned this morning from a trip to Holdenville.

ANGRY NEW YORKER

LICKS BOOKER WASHINGTON

New York, March 21.—Booker T. Washington's left ear was nearly torn off and sixteen stitches were taken to close wounds in his head here Sunday night following an attack upon him by Arthur Ulrich, a white man, after Washington is alleged to have made improper advances on Ulrich's wife. Ulrich maintains that Washington in passing his wife in the hallway of their apartment house, called to her, saying, "Hello, sweetheart," and followed her to the street.

Mrs. Ulrich immediately went to her husband and related what had occurred, but did not know the identity of the negro. Ulrich immediately gave chase and followed Washington for more than three blocks before a policeman put in his appearance, both of them running.

Taken to Hospital.

Washington was sent to the Flower hospital, where sixteen stitches were taken in his scalp and his ear attended to. Ulrich was immediately arrested and placed under a \$1,500 bond, Washington charging felonious assault. The negro asserted that his mission in the neighborhood was perfectly legitimate and that he had been the innocent victim of an atrocious assault.

Washington was unable to appear in court Monday because of his injuries, according to the statement of his attorney. The case was continued until Tuesday.

Killed in Runaway.

Muldrow, Okla., March 21.—Robert Harvell, aged 19, son of Mr. and Mrs. Thomas Harvell of Remy, was killed near there late Saturday in a runaway. Harvell was driving a team of mules to a heavy wagon loaded with railroad ties. In the runaway he was thrown to the ground. Regaining his feet, he jumped on the wagon again. He was struck with terrific force by a tie that became caught in the wheels. He was knocked senseless and hurled under the wagon. His skull, back and neck were broken.

At the meeting of the W. O. W. last evening Rev. Marshall Dwyer was elected consul commander to succeed D. L. Middleton, who recently moved to Konawa. The members of the camp are congratulating themselves on securing so efficient a man for this place and are expecting a rapid growth of interest and members in consequence.

CHAMPION WALKERS HERE

THREE NEW YORKERS ON A LONG HIKE SPEND NIGHT AT ADA.

WILL MAKE EVERY STATE

Have Been on the Road Almost a Year and Have Walked Over 5000 Miles.

Last night the Harris hotel entertained three long distance walkers who are making a tour of the United States in a leisurely manner. These were Terry Churchill Elmendorf, Roy Forbush Hanaford and "Miss Hike," a small dog. As Mr. Elmendorf expressed it it is a case of "two boys with long names on a long walk and a small dog with a large noise." Mr. Elmendorf is a cousin of Dwight Elmendorf, the noted lecturer, and Mr. Hanaford is a son of H. P. Hanaford, the well known publisher of theatrical journals in New York City.

The trio left New York City May 23 of last year, and since then they have traversed the following states: New York, New Jersey, Pennsylvania, Delaware, Maryland, District of Columbia, Virginia, West Virginia, Kentucky, Tennessee, North Carolina, South Carolina, Georgia, Florida, Alabama, Mississippi, Louisiana, Arkansas, Texas and Oklahoma, covering a distance of 5,044 miles. They expect to spend three years on the trip making a total of 20,000 miles.

Mr. Elmendorf explained that they were not walking for any wages, but just to study the people and conditions. They will also write a book about their travels when they reach home again.

Among other things they have made note of is the mineral resources of the various sections through which they have passed. They say that they have found many kinds of minerals since coming to Oklahoma, and showed the reporter some specimens of copper they found yesterday between Stonewall and Ada. These specimens looked rich and it may be that a deposit exists in this section that will give us a new industry.

They have no special love for the city of Sherman, Tex., the sheriff and some deputies arresting them on suspicion of being guilty of burglarizing a jewelry store. They were released, however, after a rigid examination and went their way.

They left this morning expecting to make Konawa today. They will make their way northwest through Oklahoma and into Kansas.

BANK PRESIDENT GETS

\$5,000 AND FIVE YEARS

Wichita, Kan., March 20.—The sealed verdict returned Saturday night by the jury in the case against L. S. Naffziger, the former Wichita bank president accused of buying and selling stolen postage stamps, was opened by the court yesterday. The jury found the defendant guilty and he may be punished by a maximum sentence of five years in prison and a fine of \$5,000.

The stamps alleged to have been stolen were purchased by Naffziger from Frank S. Burt, formerly chief of police here, whom it developed purchased them from John Callahan of Wichita, who is now serving a sentence for robbing the Milan, Kan., postoffice.

Callahan is said to have obtained the stamps from Roy Templeton and Edward Earl, who are under sentence for robbing the postoffices at Hope and Burdick, Kan. The former banker's defense was that he did not know the stamps were stolen.

DOOLIN APPOINTS DEPUTY WARDENS

Oklahoma City, March 21.—The first announcement of appointments to the office of deputy game warden, under the regime of the new state game warden, John B. Doolin, was made Monday, when the names of seven appointees were given out. The men chosen out of the thousand applicants are as follows: Ed J. Seaman, McAlester, Dr. Ligon, Ada; Julius Ward, Hugo, J. E. Patterson, Alva; W. C. Edwards, Chickasha; George Wyvill, Claremore; David Drennan, Thomas.

Five more appointments are to be made under the law providing for twelve deputy game wardens, passed by the legislature just adjourned. The announcements of the additional five are expected to be given out within a week.

The most notable fact about appointment of the deputies is the large number of applications filed with the state game warden. The list totals at least one thousand. The salary of the deputy game wardens is \$800 a year. He is allowed \$600 for expenses. Besides this, the deputies are allowed 25 cents on every hunting license they issue, which makes the office total an income of about \$2,500. The county clerk also issues licenses to hunt.

Upon entering office after his appointment by Governor Crouce to fill the vacancy created when former State Game Warden Lon M. Payne became chairman of the board of affairs, Mr. Doolin declared that he would insist upon a rigid enforcement of the regular twelve deputy game wardens several hundred assistants will be appointed, who will receive as remuneration for their services half of every fine collected, as a result of complaints for violation of the state game laws filed by them.

Under the amendment of the game laws the state will be redistricted into twelve districts and each of the deputy game wardens will be assigned to a district. The redistricting has not been accomplished yet hence the men whose appointments were announced Monday have not yet been assigned their districts. The new districts will contain six or seven counties each.

The office of the state game warden will be moved Tuesday from room 716 in the insurance building in North Broadway to the Levy building in West Main street, which is already occupied by several state offices, including the corporation commission. Four rooms in the Levy building will be occupied by the state game department.

J. B. CHAPMAN AND CHIEF HOUNSHELL HAVE MIXUP

A scrap between Bars Chapman and Chief Hounshell enlivened things on Main street late yesterday afternoon. The trouble grew out of a tale Chapman is said to have told about the chief, and the latter claims that Chapman called him a dirty liar and struck at him. The chief then mixed it with him and struck him a blow with his club. He then took his way to the city jail where he remained a short time until Judge Powers could be summoned. The judge permitted him to make bond and go free until tomorrow, when the case is set for trial.

Naturally on the eve of an election the trouble caused some excitement especially among the friends of Chapman. Groups remained on the streets until late at night, but no disorder was reported. Of course Hounshell's enemies attempted to make capital of the occurrence, but this attempt fell rather flat.

DR. LIGON APPOINTED

DEPUTY GAME WARDEN

One of the first acts of John Doolin, the new state game warden, was to appoint Dr. M. W. Ligon deputy for this district. The office pays \$1,400 per year and some fees.

The doctor made a hard fight for the state warden's place, but failing in that, it is gratifying to know that he was given something almost as good. The doctor has always been one of the most enthusiastic democrats and Crouce men in this county.

Under the above caption the Wewoka Democrat publishes the following well deserved eulogy on the work of J. S. Barham of Wewoka, floridal representative of Pontotoc and Seminole counties in the last legislature. The News cordially endorses this tribute to our representative. Says the Democrat:

Hon. J. S. Barham returned home Sunday night from Oklahoma City, where he has been since the first of the year in attendance at the third legislature as floridal representative from Seminole and Pontotoc counties. Mr. Barham was one of the most influential members of the lower house, his efforts were directed toward the passage of beneficial laws for the entire state and his constituents in particular. He possesses the happy faculty of making friends among all classes and maintaining at the same time the highest respect of his colleagues, for not until a man has had the actual experience in the legislature can he appreciate the position one is often placed in when demands are being heaped upon him by friends. A man who honestly tries to represent all the people or, to say the least, champions that which will do the most good to the greatest number and fulfills every committee appointment assigned to with him, with no attempt to shirk an honest duty, most assuredly has his hands full in the legislature, with but little time for social intercourse. For seven weeks the writer was a close observer at the session just closed, and like the two previous ones since statehood, the burden of the work fell upon the shoulders of a few willing men who took a pride in rendering honest service, and Barham was one of the most conspicuous of these. Commanding, as he did, the confidence of the speaker and of the floor leaders, he was assigned to many of the most responsible committees, and though at times it required the loss of sleep and other sacrifices in order to perform the duties required of him, he was true to his post.

Mr. Barham has made good, and deserves the high esteem of the people of this floridal district, which was almost universally accorded him even by his enemies, the republicans.

It is not often that a city has two elections in one week, but Ada is having that experience. Friday the city will vote on the Byrd's Mill water bonds again, and although it is not likely that anything like a full vote will be polled, there is no doubt of its carrying. The whole thing is simply a matter of form, to guard against any complications that might arise in the future.

And still the Mexicans insist on shooting each other up occasionally. The revolution seems to be assuming serious proportions and trouble is awaiting Diaz at the end of his long and successful career. It is with some regret that we see his career end thus. He is the only man who ever had strength to rule Mexico. He raised the republic from savagery to a plane of civilization and won the respect of all other nations. Few men have accomplished as much in course of a lifetime as he, and even though from an American standpoint his methods may sometimes seem harsh, the fact remains that he stands as one of the most heroic figures in the history of the Western Hemisphere.

"Just a Woman's Way"
"Just a Woman's Way" which is billed at the opera house for next Thursday evening, March 23, is a comedy drama of the better sort the production is under the personal direction of Mr. Oliver Labade, who will be remembered by the theater going people of this city for his excellent work as "Mephisto" in Faust which was played in the old Air dome in seasons past. Mr. Labade is the same sterling actor as of yore and the fact that he is a member of "Just a Woman's Way" is a sufficient guarantee that the production next Thursday evening will be worthy of your patronage.

Base Ball Table Manners.
Prof. Little says base ball table manners is the latest kink in education and naturally it comes from Oklahoma where a course has been established at the normal college for the base ball boys. Prof. said in taking the boys to other cities, he wanted to show the people the kind of youngsters raised in Ada. Ada is bound to lead in table manners. The course includes instructions how to use the knife without inflicting fatal injuries upon the mouth, how to pour tea or coffee into your saucer to cool, and just at what angle and how strong to blow at it. This is an art that is mastered only by experts.
Prof. Little says medals also are to be awarded to noiseless soup eaters, and the eating of tame pie from the hand is gently discouraged.
According to the Oklahoma code of table manners the napkins are not tucked carelessly into the shirt collar but are tied with baby blue ribbons behind the ears, making a strikingly cute effect. This tying is insisted upon during soup practice. Advanced classes tackle "buttermilk" only.
In the post-graduate course the art of eating spaghetti is taught the ambitious student of modish manners and prizes are awarded for the most graceful spearer of this fascinating but elusive Italian dish.
Prof. Little says special lectures are to be given upon such subjects as, "How to Gnow a Chicken Bone Without Using Your Hands," "How and When the Knife Should Be Manipulated in Eating Pie," "How to Manage an Ear of Corn When You Have Misaid Your False Teeth."
Ada is sure becoming to the front some.
Tishomingo will be here to meet the normal boys the 24th. Grand stand about completed. This will be our opening game this season. Everybody come. Will be the best game of the season.
Author and Playwright Addresses Students.
Thomas Dixon, Jr., the noted author and dramatist whose virile books dealing with the negro problem in the South have been read the world over, addressed the students of the state university in chapel last Thursday. The author of "The Clansman," "The Leopard's Spots" and other novels and plays of the same fiery but dramatic and compelling dictation, talked to the Oklahoma undergraduates on "The Drama as a Creative Work." He said that the playwright's was the best paid, most independent and broadest in possibilities of all the professions. Declaring that the joy which comes to a successful playwright is greater by far than that which comes to the writer of the popular novel Mr. Dixon told his hearers that the dramatist could make himself a mighty power in the battle for the moral uplift and, as no other man could become the champion of truth and the friend of the oppressed.

ELECTION DAY DRIPPINGS

The mind of the city today is directed toward the events of the city election and is interested in the results which shall ensue.

The political mind of Ada has been schooled with such experiences in the past, some of which have been attended with near tragedies, some where the tension had been so pronounced that the most courageous hearts and deliberate minds have viewed the prospects of a single election day with such apprehension; that it would require something a little swifter than the contests of today to churn the blood of the old timers, those who use to feel in their youthful political mind that the weight of the city government rested on their individual shoulders and the results of future political events on their particular achievements in city politics.

The two candidates for mayor are not pestered by the voters much, and apparently ready to express satisfaction at what ever the result.

It used to be that candidates with their friends thought it essential political expediency to sit up half the night and organize.

But last night except for the little fracas of the chief and one of his opponents' lieutenants, the streets were reported quiet and by eleven o'clock there wasn't much doing other than at the billiard parlors and at the city hall where a dance was in progress and where some of the candidates were tripping the light fantastic toe without semblance of interest in the election.

The principle interest is in the contest for chief of police. Either candidate doesn't appear to have much of a personal organization. It looks as if the voters understand the issue and are voting without much assistance.

Of course there's the usual bunch of local politicians legging and relating confidentially to their friends the number of men they have voted, and there's the usual run of cheap political schemes being sprung, but it is safe to assert that when the vote is counted tonight that whatever the result, it will be effected by the deliberate action of the citizens.

At 3 15 o'clock there had been polled 163 votes in the first ward, 93 in the second ward, 140 in the 3rd ward and 150 in the 4th ward.

YOUNG WILSON RETURNS FROM INSANE ASYLUM

Marshall Wilson, step son of W. T. Admire, who has been confined in the insane asylum at Norman for two months has been released at the instance of his mother, who visited the asylum in the interest of her boy.

Marshall was on the streets today and related the story of his trouble to several of his acquaintances.

It appears that he left home last November year, and traveled to Elk City, where he made acquaintances and formed new associates.

His trouble began when he undertook to cash a check for another party for \$110.00. Suspicious that the check was irregular, the cashier called an officer and young Wilson was placed in jail. Some time later a lunacy commission caused him to be sent to the asylum. Young Wilson declares that he had done no wrong and that he never was crazy and that the asylum physicians so declared from the first, but said he: "I know this if I make a suspicious move or do wrong in any way they will take me back, for I am out on a 60 day probation and it depends on me whether I shall have to return and it is my determination to refuse to associate with bad company and to do exactly right."

COUNTY FUNDS ARE EXHAUSTED

It appears that Pontotoc county will have to run on a credit basis for several months. All funds are exhausted except the salary fund, and that will be depleted at the next meeting of the county commissioners. The law forbids the issuance of warrants after eighty per cent of the tax levy for the current year has been exhausted and this means that no more warrants will be issued until August, when the next levy shall have been made.

LIVELY SCRAP NEAR JACATECAS, MEXICO

Cacatecas, Mex., March 20.—A band of 150 rebels, under leadership of Louis Moya, after a twenty-six hour battle with twenty-six soldiers and volunteers from among the citizens, captured the town of Tlatengo in the southern part of Zacatecas, last Friday, according to news reaching here today. The defenders took positions upon heights overlooking the town and made a heroic resistance, but were finally forced to agree to terms of surrender.

Nine rebels, including the chief, were reported killed and eight wounded. Federal losses were not given.

The rebels sacked the town and compelled the manager of the local bank to surrender \$5,000 which he had secreted.

Yesterday, upon receiving word that a federal force was coming to the relief of the town, the rebels fled. Two hours after their departure Major Aguilar arrived with troops. The rebels cut the telegraph wires early in the battle.

Hobart Industrial Company Organize

Hobart, Ok., March 20.—The Hobart Industrial company has perfected a temporary organization at the Chamber of Commerce rooms by the election of the following officers: President, A. B. Harding; vice president, R. L. Waggoner, secretary, E. E. Lucas, treasurer, J. Ramsey Davis. In addition to the officers who form a part of the directorate the other directors are H. L. Standeven, Sam Bretch, J. L. Burke, Ed Ray, J. R. Tolbert, A. B. Wey and A. E. Freiche. The Hobart Industrial company is an auxiliary to the Chamber of Commerce, and the two bodies will work in conjunction.

"Just a Woman's Way."

"Interwoven in the story of the successful melodrama "Just a Woman's Way," is a strong love and comedy interest in which relieves the play from too great tenseness and results in a very acceptable production. "Just a Woman's Way" will have its first production in this city at the opera house on Thursday, March 23rd.

Final Round in County Seat Fight.

Shawnee, Okla., Mar. 21.—The final hearing in the Tecumseh Shawnee county seat contest is on in the superior court room today and judging from the array of witnesses, some 50 or more to be examined, the hearing may last all the week.

Referee H. B. Martin expects to be able to report his findings in the case to the supreme court by April first, if the time consumed in hearing testimony of witnesses, is not too great.

Tecumseh made her case several months ago and Shawnee is now being heard in rebuttal.

Attorney B. B. Blakeney of Blakeney, Maxey and Co., is conducting the examination of witnesses.

The case has been a long time in the court and under the examinations before the chosen referee.

The county seat election occurred on the 10th of February, 1909, and on the face of the returns Shawnee won, but the election was contested on various grounds by Tecumseh.

ELECTION ORDERED FOR APRIL 25

Oklahoma City, March 21.—Following the attorney-general's ruling that no proclamation by the governor was needed, Secretary Gordon of the state election board today called an election for the adoption or rejection of the proposed amendment to article 9, section 9 of the state constitution to be held April 25. The secretary designated the question as state question No. 3, and filed the ballot title and certified copy of the resolution adopted by the legislature.

In the meantime the governor had the matter under consideration and it was the consensus of opinion about the state house that there was a bare possibility of a special session of the legislature being called for the purpose of repealing the resolution and the adoption of one meeting the objections set forth by the attorney-general.

No Opinions Hazarded.

There was no announcement as to what would be the governor's final decision on the matter, and no official would hazard an opinion on the probability of the governor again calling the legislature together. It was known that he had the communication of the attorney-general under consideration and that he had made

careful comparisons of the proposed article and the present law.

The attorney-general in submitting the title of the ballot transmitting a severe criticism of the proposed amendment, stating that the measure appeared to him to be extremely dangerous in that it let down the bars to the Standard Oil to eventually control the oil and gas fields of the state. The resolution authorizes transportation companies and transmission companies to dispose of and consolidate property and franchises to like companies and confers the power of eminent domain on the companies irrespective of the place of their character.

CAPITOL HEARING SET FOR APRIL 3

Washington, March 20.—The supreme court today set Monday, April 3, for hearing arguments in the Oklahoma capital case.

This action was taken following the presentation of a brief of attorneys for Guthrie last Monday when they asked for an early hearing, contending that unless a hearing could be had right away the case would otherwise not be reached before 1913, at which time Guthrie's claims under the enabling act become void.

Miss Nora Adair returned this morning from a trip to Holdenville.

ANGRY NEW YORKER LICKS BOOKER WASHINGTON

New York, March 21.—Booker T. Washington's left ear was nearly torn off and sixteen stitches were taken to close wounds in his head here Sunday night following an attack upon him by Arthur Ulrich, a white man, after Washington is alleged to have made improper advances on Ulrich's wife. Ulrich maintains that Washington in passing his wife in the hallway of their apartment house, called to her, saying, "Hello, sweetheart," and followed her to the street.

Mrs. Ulrich immediately went to her husband and related what had occurred, but did not know the identity of the negro. Ulrich immediately gave chase and followed Washington for more than three blocks before a policeman put in his appearance, both of them running.

Taken to Hospital.

Washington was sent to the Flower hospital, where sixteen stitches were taken in his scalp and his ear attended to. Ulrich was immediately arrested and placed under a \$1,500 bond, Washington charging felonious assault. The negro asserted that his mission in the neighborhood was perfectly legitimate and that he had been the innocent victim of an atrocious assault.

Washington was unable to appear in court Monday because of his injuries, according to the statement of his attorney. The case was continued until Tuesday.

Killed in Runaway.

Muldrow, Okla., March 21.—Robert Harvell, aged 19, son of Mr. and Mrs. Thomas Harvell of Remy, was killed near there late Saturday in a runaway. Harvell was driving a team of mules to a heavy wagon loaded with railroad ties. In the runaway he was thrown to the ground. Regaining his feet, he jumped on the wagon again. He was struck with terrific force by a tie that became caught in the wheels. He was knocked senseless and hurled under the wagon. His skull, back and neck were broken.

At the meeting of the W. O. W. last evening Rev. Marshall Dupree was elected consul commander to succeed E. L. Middleton, who recently moved to Konawa. The members of the camp are congratulating themselves on securing so efficient a man for this place and are expecting a rapid growth of interest and members in consequence.

CHAMPION WALKERS HERE

THREE NEW YORKERS ON A LONG HIKE SPEND NIGHT AT ADA.

WILL MAKE EVERY STATE

Have Been on the Road Almost a Year and Have Walked Over 5000 Miles.

Last night the Harris hotel entertained three long distance walkers who are making a tour of the United States in a leisurely manner. These were Terry Churchill Elmendorf, Roy Forbush Hanaford and "Miss Hike," a small dog. As Mr. Elmendorf expressed it it is a case of "two boys with long names on a long walk and a small dog with a large noise." Mr. Elmendorf is a cousin of Dwight Elmendorf, the noted lecturer, and Mr. Hanaford is a son of H. P. Hanaford, the well known publisher of theatrical journals in New York City.

The trio left New York City May 23 of last year, and since then they have traversed the following states: New York, New Jersey, Pennsylvania, Delaware, Maryland, District of Columbia, Virginia, West Virginia, Kentucky, Tennessee, North Carolina, South Carolina, Georgia, Florida, Alabama, Mississippi, Louisiana, Arkansas, Texas and Oklahoma, covering a distance of 5,044 miles. They expect to spend three years on the trip making a total of 20,000 miles.

Mr. Elmendorf explained that they were not walking for any wage, but just to study the people and conditions. They will also write a book about their travels when they reach home again.

Among other things they have made note of is the mineral resources of the various sections through which they have passed. They say that they have found many kinds of minerals since coming to Oklahoma, and showed the reporter some specimens of copper they found yesterday between Stonewall and Ada. These specimens looked rich and it may be that a deposit exists in this section that will give us a new industry.

They have no special love for the city of Sherman, Tex., the sheriff and some deputies arresting them on suspicion of being guilty of burglarizing a jewelry store. They were released, however, after a rigid examination and went their way.

They left this morning expecting to make Konawa today. They will make their way northwest through Oklahoma and into Kansas.

BANK PRESIDENT GETS \$5,000 AND FIVE YEARS

Wichita, Kan., March 20.—The sealed verdict returned Saturday night by the jury in the case against L. S. Nafziger, the former Wichita bank president accused of buying and selling stolen postage stamps, was opened by the court yesterday. The jury found the defendant guilty and he may be punished by a maximum sentence of five years in prison and a fine of \$5,000.

The stamps alleged to have been stolen were purchased by Nafziger from Frank S. Burt, formerly chief of police here, whom it developed purchased them from John Callahan of Wichita, who is now serving a sentence for robbing the Millan, Kan., postoffice.

Callahan is said to have obtained the stamps from Roy Templeton and Edward Earl, who are under sentence for robbing the postoffices at Hope and Burdick, Kan. The former banker's defense was that he did not know the stamps were stolen.

DOOLIN APPOINTS DEPUTY WARDENS

Oklahoma City, March 21.—The first announcement of appointments to the office of deputy game warden, under the regime of the new state game warden, John B. Doolin, was made Monday, when the names of seven appointees were given out. The men chosen out of the thousand applicants are as follows: Ed J. Seaman, McAlester; Dr. Ligon, Ada; Julius Ward, Hugo; J. E. Patterson, Alva; W. C. Edwards, Chickasha; George Wywill, Claremore; Dave Drennan, Thomas.

Five more appointments are to be made under the law providing for twelve deputy game wardens, passed by the legislature just adjourned. The announcements of the additional five are expected to be given out within a week.

The most notable fact about appointment of the deputies is the large number of applications filed with the state game warden. The list totals at least one thousand. The salary of the deputy game wardens is \$800 a year. He is allowed \$600 for expenses. Besides this, the deputies are allowed 25 cents on every hunting license they issue, which makes the office total an income of about \$2,500. The county clerk also issues licenses to hunt.

Upon entering office after his appointment by Governor Cramer to fill the vacancy created when former State Game Warden Lon M. Frame became chairman of the board of affairs, Mr. Doolin declared that he would insist upon a rigid enforcement of the regular hundred assistants will ment of the state game laws. Besides the regular twelve deputy game wardens several hundred assistants will be appointed, who will receive as remuneration for their services half of every fine collected, as a result of complaints for violation of the state game laws filed by them.

Under the amendment of the game laws the state will be redistricted into twelve districts and each of the deputy game wardens will be assigned to a district. The redistricting has not been accomplished yet hence the men whose appointments were announced Monday have not yet been assigned their districts. The new districts will contain six or seven counties each.

The office of the state game warden will be moved Tuesday from room 716 in the insurance building, in North Broadway to the Levy building in West Main street, which is already occupied by several state offices, including the corporation commission. Four rooms in the Levy building will be occupied by the state game department.

J. B. CHAPMAN AND CHIEF HOUNSHELL HAVE MIXED

A scrap between Bars Chapman and Chief Hounshell enlivened things on Main street late yesterday afternoon. The trouble grew out of a late Chapman is said to have told about the chief, and the latter claims that Chapman called him a dirty liar and struck at him. The chief then mixed it with him and struck him a blow with his club. He then took his name to the city jail where he remained a short time until Judge Powers could be summoned. The judge permitted him to make bond and go free until tomorrow, when the case is set for trial.

Naturally on the eve of an election the trouble caused some excitement especially among the friends of Chapman. Groups remained on the streets until late at night, but no disorder was reported. Of course Hounshell's enemies attempted to make capital of the occurrence, but this attempt fell rather flat.

DR. LIGON APPOINTED DEPUTY GAME WARDEN

One of the first acts of John Doolin, the new state game warden, was to appoint Dr. M. W. Ligon deputy for this district. The office pays \$1,000 per year and some fees.

The doctor made a hard fight for the state warden's place, but failing in that, it is gratifying to know that he was given something almost as good. The doctor has always been one of the most enthusiastic democrats and Cramer men in this county.

COUNCIL APPROVES WATERWORKS PLANS

The council did little last evening except to approve the plans of Goodwin & Harper for the Byrd's Mill extension. These had been filed some time ago, as the records show, but had not come to a vote.

It is the intention of the council to call for bids on the construction work at once, said bids to be opened April 10.

A FAITHFUL SERVANT.

Under the above caption the Wewo-
ka Democrat publishes the following
well deserved eulogy on the work of
J. S. Barham of Wewoka, floral
representative of Pontotoc and Semi-
nole counties in the last legislature.
The News cordially endorses this
tribute to our representative. Says
the Democrat:

Hon. J. S. Barham returned home
Sunday night from Oklahoma City,
where he has been since the first of
the year in attendance at the third
legislature as floral representa-
tive from Seminole and Pontotoc
counties. Mr. Barham was one of the
most influential members of the lower
house, his efforts were directed to-
ward the passage of beneficent laws
for the entire state and his constitu-
ents in particular. He possesses the
happy faculty of making friends
among all classes and maintaining
at the same time the highest respect
of his colleagues, for not until a
man has had the actual experience
in the legislature can he appreciate
the position one is often placed in
when demands are being heaped upon
him by friends. A man who hon-
estly tries to represent all the peo-
ple or, to say the least, champions
that which will do the most good to
the greatest number and fulfills every
committee appointment assigned to
with him, with no attempt to shrink
an honest duty, most assuredly has
his hands full in the legislature,
with but little time for social inter-
course. For seven weeks the writer
was a close observer at the session
just closed, and like the two pre-
vious ones since statehood, the bur-
den of the work fell upon the shoulders
of a few willing men who took a
pride in rendering honest service,
and Barham was one of the most
conspicuous of these. Commanding,
as he did, the confidence of the speaker
and of the floor leaders, he was
assigned to many of the most respon-
sible committees, and though at times
it required the loss of sleep and other
sacrifices in order to perform the
duties required of him, he was true
to his post.

Mr. Barham has made good, and
deserves the high esteem of the peo-
ple of this floral district, which
was almost universally accorded him
even by his enemies, the republicans.

It is not often that a city has two
elections in one week, but Ada is
having that experience. Friday the
city will vote on the Byrd's Mill
water bonds again, and although it
is not likely that anything like a
full vote will be polled, there is no
doubt of its carrying. The whole
thing is simply a matter of form, to
guard against any complications
that might arise in the future.

And still the Mexicans insist on
shooting each other up occasionally.
The revolution seems to be assuming
serious proportions and trouble is
awaiting Diaz at the end of his long
and successful career. It is with
some regret that we see his career
end thus. He is the only man who
ever had strength to rule Mexico. He
raised the republic from savagery
to a plane of civilization and won
the respect of all other nations. Few
men have accomplished as much in
course of a lifetime as he, and even
though from an American standpoint
his methods may sometimes seem
harsh, the fact remains that he
stands as one of the most heroic fig-
ures in the history of the Western
Hemisphere.

"Just a Woman's Way."
"Just a Woman's Way" which is
billed at the opera house for next
Thursday evening, March 23, is a
comedy drama of the better sort
the production is under the personal di-
rection of Mr. Oliver Labade, who
will be remembered by the theater
going people of this city for his ex-
cellent work as "Mephisto" in Faust
which was played in the old Airdome
in seasons past. Mr. Labade is the
same sterling actor as of yore and
the fact that he is a member of "Just
a Woman's Way" is a sufficient
guarantee that the production next
Thursday evening will be worthy of
your patronage.

Base Ball Table Manners.

Prof. Little says base ball table
manners is the latest kink in educa-
tion and naturally it comes from Ok-
lahoma where a course has been es-
tablished at the normal college for
the base ball boys. Prof. said in tak-
ing the boys to other cities, he want-
ed to show the people the kind of
youngsters raised in Ada. Ada is
bound to lead in table manners. The
course includes instructions how to
use the knife without inflicting fatal
injuries upon the mouth, how to
pour tea or coffee into your saucer
to cool, and just at what angle and
how strong to blow at it. This is an
art that is mastered only by ex-
perts.

Prof. Little says medals also are
to be awarded to noiseless soup eat-
ers, and the eating of tame pie from
the hand is gently discouraged.

According to the Oklahoma code
of table manners the napkins are not
tucked carelessly into the shirt col-
lar but are tied with baby blue rib-
bons behind the ears, making a
strikingly cute effect. This tying is
insisted upon during soup practice.
Advanced classes tackle "butter-milk"
only.

In the post-graduate course the art
of eating spaghetti is taught the am-
bitious student of modish manners
and prizes are awarded for the most
graceful spearer of this fascinating
but elusive Italian dish.

Prof. Little says special lectures
are to be given upon such subjects
as, "How to Gnaw a Chicken Bone
Without Using Your Hands," "How
and When the Knife Should Be Ma-
nipulated in Eating Pie," "How to
Manage an Ear of Corn When You
Have Mis-laid Your False Teeth."

Ada is sure booming to the front
some.

Tishomingo will be here to meet
the normal boys the 24th. Grand
stand about completed. This will be
our opening game this season. Every-
body come. Will be the best game of
the season.

Author and Playwright Addresses Students.

Thomas Dixon, Jr., the noted au-
thor and dramatist whose virile books
dealing with the negro problem in
the South have been read the world
over, addressed the students of the
state university in chapel last Thurs-
day. The author of "The Clansman,"
"The Leopard's Spots" and other nov-
els and plays of the same fiery but
dramatic and compelling diction, talk-
ed to the Oklahoma undergraduates
on "The Drama as a Creative Work."
He said that the playwright's was
the best paid, most independent and
broadest in possibilities of all the
professions. Declaring that the joy
which comes to a successful play-
wright is greater by far than that
which comes to the writer of the
popular novel. Mr. Dixon told his
hearers that the dramatist could
make himself a mighty power in the
battle for the moral uplift and, as no
other man could become the cham-
pion of truth and the friend of the
oppressed.

ELECTION DAY DRIPPINGS

The mind of the city today is directed toward the events of the city election and is interested in the results which shall ensue.

The political mind of Ada has been schooled with such experiences in the past, some of which have been attended with near tragedies, some where the tension had been so pronounced that the most courageous hearts and deliberate minds have viewed the prospects of a single election day with such apprehension; that it would require something a little swifter than the contests of today to churn the blood of the old timers, those who use to feel in their youthful political mind that the weight of the city government rested on their individual shoulders and the results of future political events on their particular achievements in city politics.

The two candidates for mayor are not pestering the voters much, and apparently ready to express satisfaction at what ever the result.

It used to be that candidates with their friends thought it essential political expediency to sit up half the night and organize.

But last night except for the little fracas of the chief and one of his opponents' lieutenants, the streets were reported quiet and by eleven o'clock there wasn't much doing other than at the billiard parlors and at the city hall where a dance was in progress and where some of the candidates were tripping the light fantastic toe without semblance of interest in the election.

The principle interest is in the contest for chief of police. Either candidate doesn't appear to have much of a personal organization. It looks as if the voters understand the issue and are voting without much assistance.

Of course there's the usual bunch of local politicians legging and relating confidentially to their friends the number of men they have voted, and thence the usual run of cheap political schemes being sprung, but it is safe to assert that when the vote is counted tonight that whatever the result, it will be effected by the deliberate action of the citizens.

At 3:15 o'clock there had been polled 163 votes in the first ward, 93 in the second ward, 140 in the 3rd ward and 150 in the 4th ward.

YOUNG WILSON RETURNS FROM INSANE ASYLUM

Marshall Wilson, step son of W. T. Admire, who has been confined in the insane asylum at Norman for two months has been released at the instance of his mother, who visited the asylum in the interest of her boy.

Marshall was on the streets today and related the story of his trouble to several of his acquaintances. It appears that he left home last November year, and traveled to Elk City, where he made acquaintances and formed new associates.

His trouble began when he undertook to cash a check for another party for \$110.00. Suspicious that the check was irregular, the cashier called an officer and Young Wilson was placed in jail. Some time later a lunacy commission caused him to be sent to the asylum. Young Wilson declares that he had done no wrong and that he never was crazy and that the asylum physicians so declared from the first, but said he: "I know this if I make a suspicious move or do wrong in any way they will take me back, for I am out on a 60 day probation and it depends on me whether I shall have to return and it is my determination to refuse to associate with bad company and to do exactly right."

At Public Auction.

On April 1st I will sell the C. C. Perry property on West 15th street to the highest bidder for cash in hand. FRANK HUDDLESTON 297-3td

COUNTY FUNDS ARE EXHAUSTED

It appears that Pontotoc county will have to run on a credit basis for several months. All funds are exhausted except the salary fund, and that will be depleted at the next meeting of the county commissioners. The law forbids the issuance of warrants after eighty per cent of the tax levy for the current year has been exhausted and this means that no more warrants will be issued until August, when the next levy shall have been made.

LIVELY SCRAP NEAR ZACATECAS, MEXICO

Zacatecas, Mex., March 20.—A band of 150 rebels, under leadership of Louis Moya, after a twenty-six hour battle with twenty-six soldiers and volunteers from among the citizens, captured the town of Tlatengo in the southern part of Zacatecas, last Friday, according to news reaching here today. The defenders took positions upon heights overlooking the town and made a heroic resistance, but were finally forced to agree to terms of surrender.

Nine rebels, including the chief, were reported killed and eight wounded. Federal losses were not given.

The rebels sacked the town and compelled the manager of the local bank to surrender \$5,000 which he had secreted.

Yesterday, upon receiving word that a federal force was coming to the relief of the town, the rebels fled. Two hours after their departure Major Aguilar arrived with troops. The rebels cut the telegraph wires early in the battle.

Hobart Industrial Company Organize

Hobart, Ok., March 20.—The Hobart Industrial company has perfected a temporary organization at the Chamber of Commerce rooms by the election of the following officers: President, A. B. Harding; vice president, R. L. Waggoner; secretary, E. E. Lucas; treasurer, J. Ramsey Davis. In addition to the officers who form a part of the directorate the other directors are H. L. Standeven, Sam Bretch, J. L. Burke, Ed Ray, J. R. Tolbert, A. B. Wey and A. E. Fretche. The Hobart Industrial company is an auxiliary to the Chamber of Commerce, and the two bodies will work in conjunction.

"Just a Woman's Way."

"Interwoven in the story of the successful melodrama "Just a Woman's Way," is a strong love and comedy interest in which relieves the play from too great tenseness and results in a very acceptable production. "Just a Woman's Way" will have its first production in this city at the opera house on Thursday, March 23rd.

Final Round in County Seat Fight.

Shawnee, Okla., Mar. 21.—The final hearing in the Tecumseh Shawnee county seat contest is on in the superior court room today and judging from the array of witnesses, some 50 or more to be examined, the hearing may last all the week.

Referee H. B. Martin expects to be able to report his findings in the case to the supreme court by April first, if the time consumed in hearing testimony of witnesses, is not too great.

Tecumseh made her case several months ago and Shawnee is now being heard in rebuttal.

Attorney B. B. Blakeney of Blakeney, Maxey and Co., is conducting the examination of witnesses.

The case has been a long time in the court and under the examinations before the chosen referee.

The county seat election occurred on the 10th of February, 1909, and on the face of the returns Shawnee won, but the election was contested on various grounds by Tecumseh.

If you have trouble in getting rid of your cold you may know that you are not treating it properly. There is no reason why a cold should hang on for weeks and it will not if you take Chamberlain's Cough Remedy. For sale by all dealers.
